Chapel Hill/Orange County, North Carolina **ACCESSIBILITY GUIDE**

The Official Accessibility Guide to Disability-Friendly Restaurants & Hotels in Chapel Hill/Orange County, North Carolina

CHAPEL HILL

HILLSBOROUGH & CARRBORO

ORANGE COUNTY VISITORS BUREAU

Welcome to Orange County, North Carolina

Planning a trip is always exciting, and traveling can bring wonderful experiences, but when traveling with physical limitations or even small children, the unknown can easily become frustrating. This guide aims to provide as much information as possible about what *any* body dining or staying in a hotel in Hillsborough, Chapel Hill or Carrboro might encounter.

Between May and December of 2022, visits were made to each hotel, restaurant, cafe, coffee shop, and brewery in operation at the time, and data pertinent to visitors with physical limits were collected, such as where the nearest handicap parking is, how heavy entry doors are, what the seating is like, the type of service, specifics of the restroom accommodations, and if there's a diaper changing table.

Visits to every listing were conducted between May 2022 and January 2023, so phone numbers and website addresses have been included to make it easy for you to check hours of operation and make reservations or ask questions.

Detailed Explanation of Restaurant Guide (includes cafes, coffee shops, and breweries)

Wondering why the names are in different colors? They correspond to a color-coded map. Find the area on the map where you are staying or planning to spend time sightseeing, then look for listings of that color to locate choices that fit your needs and tastes.

Parking: This will tell you if the restaurant has a private parking lot, is in a shopping center, or, if in a downtown area, where to find the nearest handicap parking (HP). The downtowns of Hillsborough and Chapel Hill have both street parking and municipal parking lots. Downtown Carrboro only has a few street spaces, and 12 municipal parking lots (See <https://visitcarrboro.com/maps-and-parking/>). Only downtown Chapel Hill requires payment for parking, but if you have a handicap parking plaque or license plate, you can park in any marked town space for free without fear of being ticketed or towed – including in the Welcome Center parking lot. If it's open, please come in and see us, but when we are closed, feel free to park there if it's convenient to where you are going. A valuable parking guide for downtown Chapel Hill is the website, Park on the Hill (<https://parkonthehill.com>), updated by the Town of Chapel Hill, with a map of HP spaces.

Seating: Booths, tables and chairs (T/C), bar seating, high top tables with tall chairs, step-up booths; inside dining, outside dining – all these specifics are listed here, as well as a description of the space around the seating. In many places, tables were removed to allow social distancing during the pandemic, so if you are using this guide after risks have lifted, space may be more limited than listed. Entrance doors will be noted here if it is either exceptionally easy to open or heavy; or if it is difficult in some other way to enter. Also, exceptional ambience (quiet, loud music, elegant, etc.) is mentioned here.

Service: This category lets you know before you arrive if you will be ordering at a counter (and possibly lining up), and if so, if they will bring the food to you or require you to go back for it. If needed, ask to have your order delivered!

Restrooms (RR): Gender neutral (G/N) restrooms in Orange County are all large rooms and wonderfully convenient for wheelchair users who need assistance from an opposite sex partner. Single room and stall restrooms are both noted with anomalies listed – if a stall is too narrow or not deep enough for larger chairs, a measurement is included; if there's a cabinet under the sink, or if paper towels or a light switch are high, it is noted. The door "weight" is provided with ratings of: easy, medium, medium heavy, and heavy.

Lastly, a Diaper Changing Table is noted with DCT.

Easy entry into the expansive, elegant lobby where classical music mutes conversations in multiple seating areas on rugs over hardwood floors.

In ADA rooms, the lowered peephole and thermostat blend into the meticulous details in rooms where the hardwood entry moves onto a low pile carpet around two queen four-poster beds with ample electric outlets around each. A long desk creates some separation from an alcove with upholstered seating and a dropdown desk. Hidden inside a huge armoire is a television, closet, fridge, safe, coffeemaker, bottled water and ice bucket.

Graduate Hotel

311 W. Franklin St., Chapel Hill
919-442-9000

The only hotel on downtown Franklin Street has a wide revolving door in the lobby that might make you think you're in a big city, but you'll find navigating your stay less complicated, starting with the parking garage you'll enter before checking in, if driving. Graduate has handicap spaces on the first two floors, next to entrance doors that open automatically.

Upon entering the lobby, you will know you've arrived in Tar Heel country, where Carolina blue is the dominate color and basketball is the theme – and that front revolving door has wide entry doors on either side, which wheelchair users appreciate. A banquette and curved couch rest in the lobby, where the front desk is lit with the winning final score of the 1982 championship game, next to the Trophy Room Restaurant and Bar, with plenty of space to roll around tables and chairs. The hotel has a full-size indoor basketball court (of course), and 24-hour gym.

ADA rooms have either a kingsize bed with loveseat in a seating area that includes a table; or two queen beds. As with all rooms in the hotel, the flooring is repurposed wood from basketball courts. The lowered beds have multiple electric outlets nearby; the desk holds a tray with an electric kettle, bottled water, and materials to make pour-over coffee. Besides a place to unpack, or hold your suitcase, a cabinet under the wall-hung TV also contains a mini fridge. Open and close the curtains using a lowered looped baton.

The bathroom has a roll-in shower with fold-up seat, lowered cubby for bathing items; and lowered towel racks and towel hooks.

With probably the largest lobby in the county, find multiple seating areas including tables and chairs to accommodate the Blue Corners Bistro & Bar, which provides breakfast in the morning, and a tapas and cocktail bar from 5 until 10 p.m. An outdoor pool with lift, and various outdoor seating options is accessible from the lobby. The fitness center is near the elevators.

The hardwood and low pile flooring of the lobby leads to padded carpeting in the hallways and rooms. Two king rooms and two double queen rooms have lowered peep holes. The lowered beds have ample room with USB ports and extra electric outlets around them. The closet is lowered and a table can be lowered with a button; windows have a looped drapery baton.

Bathrooms have roll-in showers with seats, and fixed and handheld shower heads.

Dedicated to Cresha & George Cianciolo

Orange County is prosperous in countless ways, but people like George and Cresha Cianciolo provide us our greatest resource. Both of them have served selflessly and often in various capacities with a variety of non-profits, town projects and boards.

When a health condition created mobility issues for Cresha, she and George soon learned the trials of getting out and about while using a wheelchair. Even in this, while considering others, they contacted the Visitors Bureau and encouraged a guide for visitors and residents that would help all those with disabilities better understand the access granted at area restaurants and hotels for those using a wheelchair.

The Chapel Hill Orange County Visitors Bureau thanks Cresha and George Cianciolo who have worked hard to ensure that their actions are instilled with positive purpose, great love and desire for betterment of their community.

Thanks to the Cianciolo's for their inspiration and help in compiling this 2023 directory for Chapel Hill, Carrboro and Hillsborough guests. We've done our best and here is a guide that we hope you will find helpful.

In gratitude,
The staff of the Chapel Hill/Orange County Visitors Bureau
